

## BUGS

S.no	Issue	Action
1	Screen Size	The arrow goes out of scope for very small devices. (Will be rectified in the next iteration.)

## OPEN ISSUES

S.no	Issue	Action
1	GPS accuracy	The GPS should be accurate enough to show right direction
2	Disturbance to compass orientation	Compass orientation can be influenced by nearby magnetic fields
3	Processing speed	Requires good processing speed, might crash if the processing speed is low.
